## PROFESSIONAL SUMMARY

Professional summary for a Data Scientist at Director level. With over 10 years of experience in data analysis, machine learning, and data-driven decision-making. Proven track record in leading cross-functional teams and delivering impactful projects. Adept at leveraging advanced analytics to drive business growth and innovation.

## WORK EXPERIENCE

### Data Scientist Director | Tesla

01/2015 - Present

Leading a team of data scientists to develop predictive models and analytics solutions. Driving data-driven strategies to enhance product performance and customer satisfaction. Collaborating with engineering and product teams to integrate data insights into the development process.

### Senior Data Scientist | Apple

06/2010 - 12/2014

Developed and implemented machine learning algorithms to improve user experience and product recommendations. Conducted A/B testing and analyzed results to inform product decisions. Worked closely with the data engineering team to ensure data quality and availability.

## EDUCATION

### PhD in Data Science | Computer Science

Harvard University | 2013

### Master in Computer Science | Artificial Intelligence

Stanford University | 2009

### Bachelor in Computer Engineering | Software Engineering

Technical University of Madrid (UPM) | 2007

## **SKILLS**

Machine Learning • Data Analysis • Python • SQL • Data Visualization

## **LANGUAGES**

**English:** Fluent | **Spanish:** Native

## **CERTIFICATIONS**

Certified Data Scientist • AWS Certified Machine Learning - Specialty
