PROFESSIONAL SUMMARY

Professional summary for a Data Scientist at Lead level. With a strong background in data analysis, machine learning, and statistical modeling, I have successfully led multiple data-driven projects that have significantly impacted business strategies and decision-making processes.

WORK EXPERIENCE

Lead Data Scientist | Tesla

01/2015 - Present

Leading a team of data scientists to develop and implement advanced machine learning models for autonomous driving systems. Responsible for data strategy, model deployment, and performance monitoring. Collaborated with cross-functional teams to integrate data solutions into product development.

Senior Data Scientist | Apple

06/2010 - 12/2014

Developed predictive models to enhance user experience and product recommendations. Conducted A/B testing and analyzed results to drive data-informed decisions. Worked on improving data pipelines and ensuring data quality for various departments.

EDUCATION

PhD in Data Science | Computer Science

Harvard University | 2013

Master in Computer Science | Artificial Intelligence

Stanford University | 2009

Bachelor in Computer Engineering | Software Engineering

Technical University of Catalonia (UPC) | 2007

SKILLS

Python • R • Machine Learning • Data Visualization • Statistical Analysis

LANGUAGES

English: Fluent | **Spanish**: Native

CERTIFICATIONS

Certified Data Scientist • Machine Learning Certification
