PROFESSIONAL SUMMARY

Professional summary for a Data Scientist at Mid-level level. Experienced in developing and implementing advanced data models, performing statistical analysis, and providing actionable insights to drive business decisions. Proficient in machine learning, data visualization, and programming languages such as Python and R.

WORK EXPERIENCE

Data Scientist | Tesla

01/2015 - Present

Leading data-driven projects to improve product performance and customer satisfaction. Developing predictive models to forecast sales and optimize inventory management. Collaborating with cross-functional teams to integrate data solutions into business strategies.

Data Analyst | Apple

06/2012 - 12/2014

Analyzed large datasets to identify trends and patterns. Created detailed reports and visualizations to communicate findings to stakeholders. Supported the development of new features by providing data-driven recommendations.

EDUCATION

PhD in Data Science | Computer Science

Harvard University | 2013

Master in Data Science | Statistics

Stanford University | 2011

Bachelor in Computer Science | Software Engineering

Technical University of Catalonia (UPC) | 2009

SKILLS

Python • R • Machine Learning • Data Visualization • Statistical Analysis

LANGUAGES

English: Fluent | **Spanish**: Native

CERTIFICATIONS

Certified Data Scientist • Machine Learning Certification
