## PROFESSIONAL SUMMARY

Professional summary for a Senior Data Scientist with over 8 years of experience in developing and implementing advanced data analytics solutions. Proven expertise in machine learning, statistical modeling, and data visualization. Adept at leading cross-functional teams and driving data-driven decision-making processes.

## WORK EXPERIENCE

### Senior Data Scientist | Tesla

*01/2015 - Present*

Leading data science initiatives to improve product performance and customer satisfaction. Developed predictive models to forecast market trends and optimize supply chain operations. Collaborated with engineering and product teams to integrate data-driven insights into product development.

### Data Scientist | Apple

*06/2012 - 12/2014*

Conducted data analysis to support business strategies and enhance user experience. Implemented machine learning algorithms to personalize recommendations and improve customer engagement. Presented findings to stakeholders and provided actionable insights to drive business growth.

## EDUCATION

### PhD in Data Science | Computer Science

Stanford University | 2013

### Master in Data Science | Statistics

Harvard University | 2011

### Bachelor in Computer Science | Software Engineering

Technical University of Madrid (UPM) | 2009

## SKILLS

Machine Learning • Statistical Modeling • Data Visualization • Python • R

## LANGUAGES

**English**: Fluent | **Spanish**: Native

## CERTIFICATIONS

Certified Data Scientist • AWS Certified Machine Learning - Specialty
