PROFESSIONAL SUMMARY

Seasoned Security Engineer with over 10 years of experience in the field, currently serving at Director level. Adept at leading security initiatives, implementing robust security measures, and ensuring compliance with industry standards. Proven track record in enhancing organizational security posture and mitigating potential threats.

WORK EXPERIENCE

Director of Security Engineering | Apple Inc.

01/2015 - Present

Leading a team of security engineers in designing and implementing comprehensive security solutions. Responsible for overseeing the company's security infrastructure, conducting risk assessments, and developing strategies to mitigate security threats. Collaborating with cross-functional teams to ensure alignment of security practices with business objectives.

Senior Security Engineer | Tesla Inc.

06/2010 - 12/2014

Played a key role in enhancing the company's security posture by implementing advanced security protocols and conducting vulnerability assessments. Worked closely with development teams to integrate security measures into the software development lifecycle. Responded to security incidents and conducted forensic analysis to identify root causes and prevent future occurrences.
